Organisational / managerial skills

- leadership (I am currently the head of Anaesthesia and Critical Care Dept of Fundeni clinical Institute where I lead a team of more than 50 physicians, residents and nurses)
- management (As the head of the Anaesthesia and Critical Care Dept. I oversee all procurements. I also completed a postgraduate course in general management and I have a bachelor degree in health-care management)
- teaching and education (As an associated professor of Anaesthesia and Critical Care I have training duties that involve both 6th year medical students and in-training physicians)

Communication skills good communication skills

Leadership vissionaire, competent, team –builder, inspirational, competent.

Job-related skills

- As the head of my department I am currently the head of Anaesthesia in liver transplantation in Fundeni Clinical Institute (the single centre for liver transplantation since 2014). This implies both leadership and management skills but training skills as well for new residents and physicians that train in the field of liver transplantation.

I have written a number of published articles on blood management in liver transplantation and coagulation-assessment in patients with end stage liver disease and I have presented my work (as an invited speaker or as submitted papers) at many national or international congresses or courses (Euroanaesthesia, American Transplant Congress, World Transplant Congress, ESICEM, joint congress of ILTS, ELITA and LICAGE).

- I am also a guest editor for ILTS educational website.
- Associated editor of the Romanian Review of Anesthesia and Intensive Care 1998-2008
- Member of the editorial Board of The Romanian Journal of Anesthesia and Intensive Care www.jurnalul-anestezie.ro/
- Member of the editorial Board of Annals of Fundeni Hospital
- Member of the editorial Board of SGO
- Reviewer for BMC anesthesiology, SGO, JCCM, Chirurgia, JRATI, Journal of AVA,
- As an attending physician in liver transplant anaesthesia I am the **promoter of fast track and early extubation in liver transplantation** and I have developed and implemented our **local guidelines in severe bleeding management during liver transplantation** and fast track in liver transplant recipients. I have also started and developed our **national program and guidelines in acute liver failure**. In doing so I have managed to create a national network for acute liver failure and emergency liver transplantation, my department being the only one in Romania in which liver support therapy as bridging to liver transplantation and liver transplantation are performed.
- I've **started the liver transplantation program in the Republic of Moldavia** (February 2013) together with the Romanian team (chief-surgeon Prof Irinel Popescu).
- Awarded by the President of the Republic of Moldavia in 2016 with the "Order of Honour", (state medal) for medical merits in Moldavia regarding the implementation of the liver transplant program.
- Founder member of SATA (Society of advancement in transplant anesthesia)
- **Co-ordinator of the National Frame Program for The Management of Acute Liver Failure** for Fundeni Clinical institute
- **Member of the senate of the Romanian Society of Anesthesia and Intensive Care (SRATI)**
- **Communication officer and Member of the scientific Committee of LICAGE (Liver IntensiveCare Group of Europe)**
- President of the 23rd annual meeting of LICAGE, Bucharest sept 2016
- Vice-President of ROMTRANSPLANT
- **Director of POSDRU 161/2.1 Grant 134856**
- Education in the field of organ transplantation/LT

European funds were accessed and in the main national competition for education and formation for human resources (POSDRU 2007-2013) Fundeni Clinical Institute, The Romanian Academy of Medical Sciences (President Prof. Irinel Popescu), The "Dan Setlacec" Foundation for Liver Surgery (President Dr. Simona Olimpia Dima) won grants dedicated to educational projects:

□ Developing Competencies for Transplant (Dezvoltarea Competentelor în Transplant).
